

FSC Certified Wood

FROM LEED

LEED ID&C MR Credit 7

Requirements

When using new wood-based products and materials, use a minimum of 50% that are certified in accordance with the Forest Stewardship Council's principles and criteria. Division 12 (Furniture) material value is included in the determination of the certified wood content.

Lewis Lumber Products:

Lewis Lumber Products, located in Northeastern Pennsylvania, provides a variety of Forest Stewardship Council certified wood products. All of their FSC certified wood comes with full chain of custody forms proving the authenticity of the certification (required by LEED). Upon request, Avanti will use Lewis Lumber's FSC certified wood in their Legno Solare line for the timber framing and doors. The client can select which type of wood they prefer. Lewis Lumber has Cherry, Red Oak, Poplar, Hard & Soft Maple, and Eucalyptus lines that are FSC certified. This wood will also contribute to regional material.
